

# The leading platform for integrated communication

AI-driven, secure and GDPR-ready video-, voice and chat solution that lives inside your collaboration tools.

## grape

by Felix Häusler

### Problem

### 61% of all work time is wasted\*

# As work communication is scattered across specialised applications.

\*McKinsey Global - the social economy

### Solution

## The new category

#### PAST

#### PRESENT

### SILOS

#### **Standalone Chats that have** no integrations.

Signal, Whatsapp, Threema, CISCO Spark, Skype f. b., etc.

### **SUITES**

Chats in which you own toolsets.

Slack, Microsoft Teams, Hipchat, Mattermost, Rocket.Chat, etc.

#### FUTURE

# **integrate**, that sport their

#### LAYERS NEW

#### **Chats that <u>run INSIDE</u> your** existing software.

Grape. Period.

## Product - Omnipresent

### A messenger that <u>lives</u> inside the work screens you look at every day.

#### Within Tools
